

TEC 3000- Wax Trimmer

Easy and safe way to dewax blocks

TEC 3000- Wax Trimmer

TEC 3000 Wax Trimmer is a safe and practical instrument designed for removing excess paraffin from tissue cassettes following embedding. Simply slide paraffin blocks across the heated grooved plane surface, excess of paraffin is shaved away to disposable receptacle below. Preparing embedded tissue blocks, away from risk of cutting finger, has never been easier and safer.

Technical Specification

Working temperature: 30°C ~ 80°C increments 1°C

Power supply: 220-110V 50-60 Hz

Power: 240VA

Dimension: 24×16×19cm

Weight: 3kg
